JC Day Polymer-coated Ammonium Sulfate

Guaranteed Analysis

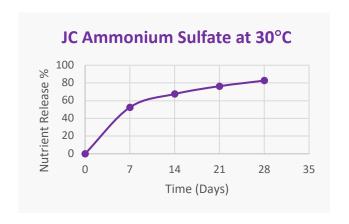

Derived from Polymer-coated Ammonium Sulfate

*20% control release Nitrogen and 23% control release from polymer-coated Ammonium Sulfate.

Information regarding the contents and levels of metals in this product is available online at http://www.aapfco.org/metals.html

Manufactured by:

Pursell Agri-Tech 501 East 3rd Street Sylacauga, AL 35150 FL# F003347

Information about the components of this lot of fertilizer may be obtained by contacting Pursell Agri-Tech, LLC. Use in accordance with recommendations of a qualified individual or institution such as, but not limited to a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendation in your approved nutrient plan.

In NH, NJ, and VA: Pursell Agri-Tech does not recommend application rates of soluble nitrogen to exceed 0.7 lb. soluble N/1000sq.ft/application. No more than 1.0 lb. to warm season grasses. IN NH, NJ, and VA application of a product containing phosphorus to turf is limited to establishing turf in the first growing season, repairing or renovating turf, or may be applied to established turf where a soil test performed within 3 years indicates phosphorus deficiency. Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/garden.

Observe proper handling and personnel safety practices. Wash hands after handling, wear eye protection. Store away from incompatible materials. Dispose of waste and residues in accordance with local authority and environmental requirements. For additional information, see Safety Data Sheet (SDS) for this product.

Pursell Agri-Tech specifically disclaims any responsibility or liability relating to the use of suggested products and recommendations and shall under no circumstances be liable for any special, incidental or consequential damages which may arise from such use.
